

Challenges in Nepal

- ▣ Lack of Government – instability, strikes.
- ▣ Lack of social order – mobs increasing , road blockades.
- ▣ Infrastructure – poverty, poor health, power cuts, water shortage, spiraling inflation.
- ▣ Lack of Christian resources for children and limited OT Bible knowledge amongst most Christians.

Encouragements in Nepal

- ▣ Church still growing rapidly and moving into more holistic roles.
- ▣ Hospital is growing year-on-year.
- ▣ God works in spite of what we see & think:
 - Some amazing medical recoveries of people who were not expected to survive.
 - Unexpected people have come to faith.

2011 - Jeep crashes into
the patient waiting area.

God's protection - no one
killed or injured.

What next?

- Return to Nepal in January, but not sure for how long.
- Possibility of another mission job in Chiang Mai, Thailand from June 2012. This would still be with CMS.

Thank you for listening!
